Conejo Valley's Only Full-Service Hospital

Memorandum

Date: September 15th, 2006

From: Rick Jarvis 
Associate CFO

To: All Ancillary Departments

Re: Notification of Chargemaster Increase

On October 1, 2006, the hospital will be implementing an overall chargemaster increase of 12%. In preparation for the increase, we would like each ancillary director to review your department(s) chargemaster (see attached) and determine if the pricing for each of your charges are appropriate. The rate increase needs to be an overall 12%, so you may have some charges that you will want to increase more than the 12% and some that will go up less. Just keep in mind the overall 12% rate.

If you need to make any adjustments other than the 12%, please justify in an email by Friday, September 22nd and send to Nancy Wallman and Renee Schwartz with a CC to Debbie Herwaldt and myself. If you have any questions, please feel free to give me a call.
