PRE-NURSING SCHOLARSHIPS

The Health Professions Education Foundation offers the Pre-Nursing Scholarship Program. The purpose of the scholarship is to increase the number of trained professional nurses to practice direct patient care in medically underserved areas of California.

Awards are available to students who are currently enrolled in Pre-Nursing course work and who are attending school in one of the Central Valley Counties: Fresno, Kern, Kings, Madera, Merced, and Tulare. Students may receive up to \$4,000 for one academic year.

In return for receiving a Pre-Nursing Scholarship, awardees must agree to obtain a nursing degree and to practice direct patient care for one year in a medically underserved area of California.

For applications, guidelines, or funding information about the Health Professions Education Program please visit us on the Web site:
